

Rape and Child Sex Abuse

Some homely thoughts - by an old sheep farmer...

When the Danger
Is **NOT** just from the Stranger!

From **RAINN**:- Rape, Abuse & Incest National Network - USA.

Children, including teenagers, are particularly susceptible to Sex Attack. They can be **so easily overpowered, physically and emotionally!**

This happened to me, age 15 in 1967.

But nearly 5 decades later, here I still am!

- Anyone thinking that because of all the Royal Commissions, White Ribbon campaigns etc, **Rape, Sexual, Physical and Emotional Violence** will stop happening, is - in my humble opinion, **living in fantasy land.**
- I would also implore U 2 do what I say. NOT what I did! I stayed '*loyal*' to the one who did it, for 20 long years, before I got the ***Professional Help** I so badly needed! **If U've been hurt**, but NOT got Help, **get some *ASAP!**
- I ALWAYS look for a +ve in a -ve. If this had'nt happened 2 me I would not be doing Suicide Prevention – and U would not be reading this ad.

ALL children should be taught as early as practicable to...

SAY NO. *RUN. *TELL... someone you *Trust!

😊 ***Kids 1800 55 1800 Line*** 😊

***Emergency, 000. Police 13 14 44, *Domestic Violence 1800RESPECT.**

***Any Doctor. *Lifeline 13 11 14.**
