Suicide Prevention

It's Every Body's Business! *'Never better-never worse!'*

😊 *A better person than U?* 😊

U may be better at relationships,
I may be better at counting sheep,
U may be better at making love,
I at counting the stars above

U may be a famous pop star,
While I can't sing a note!
I may be a Poet Laureate
Who knows what you wrote?
U may be the fastest runner
The world did ever see...

*But I can never be a better person than U,
😊 And U can never be a better person than me!* 😊

U may have a lifelong *challenge*
With a schizophrenic trend,
I may have a National Award
With *letters* at my '*end*',
You may be the Queen of England
With servants and pomp *in tow*,
Great wealth and *Majesty* too...

*But U can NEVER, EVER be a better person than me,
😊 And I can NEVER, EVER be a better person than U!* 😊

It's taken me 60 years to 'get' this live saving, message. YOU, can 'get' it here in 60 seconds! **We're all born with and retain the same value!**

But here's another! **If we believe we can't 'be better' than anyone else, NEITHER CAN WE BE ANY WORSE!** So when we lose our sense of self worth and become depressed, which can happen to anyone, anytime...

Remember if it's urgent ring 000, otherwise AFTER you have seen your Doctor **NOT INSTEAD** - carry this little life giving message in you heart - and put it into someone else's if they are hurting. We ALL have the same value!

😊 *Never better - but never worse!* 😊
