Suicide Prevention

It's Every Body's Business!

'Pick up UR phone!'

Never have to cry alone!

If you've got lots
And lots of crying to do,
Something very serious -
Has just happened to you,

Suddenly, your life
Is filled with grief and crying,
A loved one has left you,
Is dead, or is dying.
Maybe you've just lost
Your *warmth* - or loving home...
Know that you should *never - ever*,
Have to cry alone!

**No one else can get
Inside your hurting heart,
You alone must grieve and travel -
To make a new healing start.**

But friends can help
By holding...
In your grief and tears,
Soothe the pain and hurting,
Loneliness and fears.

**So if you hear someone crying,
Who's lost a loved one,
Or their warmth - or loving home,
Remember that *no one*,
Should *ever, ever* -
Never have to cry
Alone!**

😊 **Make sure U, or some1 U know or love or own,** 😊
Never. Ever. Has to cry alone!

Pick up UR phone!
